

KATANA-ARTIST GUITAR AMPLIFIER

Flagship Tones, Crafted for Pro Players

Katana amps have received worldwide acclaim for their authentic tube tone and feel, onboard BOSS effects, and exceptional value. The flagship Katana-Artist combo takes Katana performance to new heights, offering all the latest series features along with numerous refinements tailored for the needs of professional players. Outfitted with a premium 12-inch Waza speaker, semi-closed cabinet, newly retuned amp characters, and much more, the 100-watt Katana-Artist is a powerhouse tone machine for all types of music, from blues, jazz, and country to the heaviest rock styles.

- Professional 100-watt combo amp with enhanced tone and all the latest Katana features
- Tube Logic design approach produces class-defying power, authoritative punch, and cutting presence for any performing situation
- Robust analog class-AB power amp section delivers the authentic tone and highly musical response that Katana amps are noted for

- Custom Waza 12-inch speaker realizes classic British stack speaker tone and response with increased power handling capacity
- Newly designed cabinet with ultra-solid construction and semi-closed back for tight, focused tone with rich low end
- Five unique amp characters, custom-tuned for optimum performance with the Katana-Artist's cabinet and Waza speaker
- Choose from 58 customizable BOSS effects and many effect routing configurations with BOSS Tone Studio editor software
- Eight Tone Setting memories for storing and recalling all amp and effect settings
- Power Control for achieving cranked-amp tone and dynamic response at low volumes
- Dedicated panel controls for Cabinet Resonance and Line Out Air Feel functions
- Effects loop with position, gain, and series/parallel operation configurable via BOSS Tone Studio
- Support for external control with optional footswitches (GA-FC, FS series) and MIDI
- Stage-ready patches for all music styles available at BOSS Tone Central
