

# WAZA-AIR BASS PERSONAL AMPLIFICATION SYSTEM

An Immersive New Sound and  
Practice Experience for Bassists

PIDD 2 SEP 2021 – 08:00BST / 09:00CET

AVAILABLE SEP 2021

## A Breakthrough Bass Experience through Waza Innovation

Powered by breakthrough BOSS spatial technology, Waza-Air Bass brings the revolutionary Waza-Air experience to all bass guitarists.

This inspiring system creates an incredibly natural and immersive environment for playing with headphones, using a gyro sensor that puts you in moving 3D space with your instrument. Choose from five expressive amplifier types and over 30 effects optimized for bass. Then practice solo, groove with the onboard acoustic drum patterns and metronome, or jam with music streamed from your smartphone. And thanks to all-wireless connectivity, set up is quick and hassle-free, with no cables to get in your way.

- Over-ear bass guitar sound system with wireless connectivity, premium amp and effect tones, Bluetooth® audio streaming, and sound editing via your smartphone
- Advanced BOSS spatial technology and integrated gyro sensor deliver a deeply immersive playing experience with 3D ambience and dynamic sound localization
- Five unique amp types and over 30 customizable bass-tuned effects
- Integrated BOSS wireless technology provides exceptional sound quality with ultra-low latency
- Easy-to-use controls for bass guitar volume and Bluetooth audio playback, plus instant access to six user-configurable tone settings
- Large, custom-designed 50 mm drivers deliver premium audio quality with rich, full sound
- Built-in rechargeable batteries with auto standby/wake function to conserve battery life
- Up to five hours of play time with the headphones and up to 12 hours with the included WL-T Transmitter
